

**RESEARCH PLANNING BUSINESS DEVELOPMENT-MONITORING &
EVALUATION (RPBD-ME)**

Head: Mr. Atulya Bhattacharjya

[Ph. +91-0326-2388243, 2388395(O) : 2380136(R)]

[E-mail : atulbhattacharjya@yahoo.co.in]

Research Planning, Business Development, Monitoring & Evaluation (RPBDME) primarily functions as an interface between the S&T users and Institute's R&D capability for marketing the knowledge-base and generates necessary information for further upgrading the aptitude of the Institute and monitors for continued growth of External Cash Flow (ECF).

The activities of this division essentially lie in optimally capturing the S&T market segment in the broader areas of energy viz. coal conversion and utilization, chemicals, environmental management of waste, pollution and other industrial sectors where coal is used as a major source of energy. Since, there exists a demand for such S&T inputs in various forms, the scope lies in increasing the marketing of the capability of the Institute and striving for forging strategic alliance with the users for sustained growth of the Institute.

The division, headed by Mr. Atulya Bhattacharjya, comprises of three sections viz. Research Planning & Business Development (RPBD), Project Monitoring & Evaluation (PME), and Industry Interface.

Research planning and technology development from the areas of latent expertise and retailing there of, the knowledge base, remains the prime objective of RPBD. For any technology package, sponsored, consultancy or collaborative project contact Head, RPBD-ME Division. The section also looks up for transfer of technology developed by CIMFR-Digwadih Campus. The section is providing the highest level of proficiency in commercializing the technology matured. For any information please visit www.cfriindia.nic.in.

PME deals with monitoring of the project either scientific or technical and evaluation of it, for timely execution of the job. Any queries regarding status of the project or financial part can be had from Mr. Atulya Bhattacharjya , email: atulbhattacharjya@yahoo.co.in.

Industry Interface acts as a single window of the division for dealing with the customers in the way of receiving of samples for analysis and dispatching of the reports. Mr. Atulya Bhattacharjya shoulders the responsibility of the section. Contact Mr. Bhattacharya or Mr. A.K.Ganguly over phone, No. +91-0326- 2388395.
